We greeted 37 AMTRAK passengers in May. AMTRAK is coming to Burlington, June 3rd to discuss the canopies trackside.

Diane Sweeden and Gretchen Walls set up a table at downtown Farmers Market and sold raffle tickets for our fundraiser to buy drapes for the great room. Each week this month we will set up in front of Nature's Corner. They sold \$195.00 first night.

The roof membrane is installed at the depot and temp walls are erected in preparation of window installation. Heating, air, and electrical are the unseen projects being completed.

Matt Murray attended the meeting to give an update on progress on opening Griers. The stumbling block at this time is the city. As landlord they are balking at bringing water, sewer, electric, gas, heat and air to the Grier area for his contractors to tap into and finish installing in restaurant area. We all agreed it is not the tenant's responsibility to provide access to basic utilities. The high estimate to provide the basics is \$70 to \$80 thousand or much less if city employees do the work.

Dan Gillett made motion to adjourn and Cheryl Lotz seconded the motion.
